

2025 Taiwan Trade Mission to Hungary, Bulgaria, Poland and Czech Republic

May 10 - 24

About TAITRA

Founded in 1970, TAITRA is Taiwan's foremost nonprofit trade promoting organization. Sponsored by the government and industry organizations, TAITRA assists enterprises to expand their global reach. Headquartered in Taipei, TAITRA has a team of 1,300 specialists and operates 5 local offices as well as 60+ branches worldwide. In conjunction with the Taiwan Trade Center (TTC), Taipei World Trade Center (TWTC), and Far East Trade Service (FETS), and supported by alliances with 500+ international affiliates, TAITRA has formed a global network dedicated to promoting world trade.

TAITRA's five local branch offices in Taoyuan, Hsinchu, Taichung, Tainan, and Kaohsiung provide services to companies outside metropolitan Taipei. Through these domestic offices, TAITRA is able to maintain close contact and interaction with local companies in their respective areas and provide direct and substantial services in areas such as feature trade promotion, business information, market seminars, on-the-job training, procurement meeting, meeting room rental, etc. Branch offices play vital roles in Taiwan Trade Shows coordination between Taipei headquarter and local companies, and invite buyers to visit local industries.

TAITRA Core Missions

- To assist Taiwanese businesses in developing international market.
- To collaborate closely with Taiwanese government in trade policy implementation.
- To provide business consultation service and connect international firms with Taiwanese partners.
- To assume the role of "Smart Integrator" - complement government policies, facilitate industry needs and develop new business opportunities around the world.

Funda Fastener – Trusted Manufacturer of High-Performance Fasteners and Cold-Formed Parts

With over 60 years of industry expertise, Funda Fastener is a leading manufacturer of high-quality fasteners and cold-formed components, serving both domestic and international markets.

We specialize in delivering high-performance fastening solutions, particularly for industries where durability and safety are critical.

Our product range includes bolts with or without threads and screw combi types, available in minimum order quantities of 5,000 to 10,000 pieces. We offer a variety of material options, including low carbon steel, carbon steel, alloy steel, and stainless steel. Products are available in strength classes 5.6, 8.8, 10.9, and 12.9, with coating options such as electro-galvanized zinc and Geomet 321/500 for enhanced corrosion resistance.

At Funda Fastener, we are committed to precision engineering, consistent quality, and long-term partnerships built on reliability and technical excellence.

Company Profile

GATX Industrial Corp. was established in 1982, specializing in the production and supply of various pneumatic tools.

The GATX and STID brand pneumatic tools produced and supplied by our company are all produced in Taiwan, with excellent performance and stable quality, good after-sales and maintenance services. We have established a good reputation in the Asia, European and American markets. Our company has also passed ISO9001, and all tools are also in compliance with the content of CE & EAC.

Other than the above two brands, we also accept orders from OEM and ODM.

The design of various parts, professional-level performance, strict quality control, and reasonable prices, these are the target we have pursued for 40 years. These are also the most important factor recognized by our customers around the world. Our quality assurance will make your sales easier. Inquiries and comparisons are welcome. Let us have the opportunity to work with you."

Company Profile

Raphael Electronics specializes in high-performance power solutions, including AC-DC and DC-DC power supplies, interchangeable adapters, and open-frame units.

Serving industries such as industrial PCs, Gaming, PoE/POS systems, Network, Telecommunications, and Medical devices, we offer OEM, ODM, and OBM services tailored to diverse needs.

All products are certified to CE, CB, cUL, TUV, FCC, PSE, GS and EN standards. Built-in protections—OCP, OVP, and OTP—ensure reliability and safety.

Professional Power Supply Solutions :

• AC-DC Power Supplies

Open frame, high-efficiency, compact designs for industrial and medical applications.

• DC-DC Converters

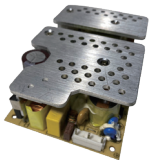

Wide input Voltage DC Input (40 – 60V) range, high reliability for communication and automation systems.

• Interchangeable Power Adapters

5V, 12V, 19V, 2 4V, 36V, 48V/ 5W - 65W models with multiple plug types for global use.

• Medical Grade Adapters

Certified designs meeting medical safety standards (e.g. 20W UK plug model).

We are one of the most professional manufacturers producing door closers for about 30 years. Taiwan Daedalus is producing door closer including components like pistons and pinions by using precision CNC equipment for processing so that we can fully control the quality. Also, we have got a full range of products that conform to the EN standard with the CE mark that is the most crucial one to European countries. Especially, our cam action door closers have got high efficiency performance that can meet the barrier free requirement. Our door closers include cam action door closers, rack and pinion door closer, surface mounted door closers and concealed door closers, which are a full range of products that extend a wider usage range. You can choose different accessories to install with door hardware in different cases. Also, different finishes and coating colors of door closer are available to match interior design.
